## PROJECTS

---

### E-commerce Website

- Shop Anywhere: Browse & buy flawlessly on any device, desktop, tablet or phone.  
Responsive design ensures a perfect fit for every screen.
- Fast & Light: Built with HTML, CSS & JavaScript for speedy loading & accessibility to a wide range of users.
- Interactive Features: Zoom in on products, see dynamic cart updates & more with JavaScript for a fun & engaging shopping experience.

### Growth Business Website

- Modern & Adaptable: This business website utilizes responsive design with CSS Grid, ensuring a beautiful and functional layout that adjusts perfectly to any screen size, from desktops to mobile phones.
- Clean & Efficient Code: Built with HTML, CSS & JavaScript, this website boasts clean code for fast loading times and a smooth user experience.
- Structured Layout: CSS Grid creates a well-organized and visually appealing layout for the website, making it easy for visitors to navigate and find the information they need.
